Chapter

1. The summary of the Family crest

It introduces the family crest of a typical civil wars general in Japan.

It is a grand civil wars picture scroll by 38 whole numbers.

The family crest is chosen, and displayed from a Japanese map and the list.

The family crest is displayed to warring lord's self-portrait that the tap is done by the finger.

Family crest and warring lord's self-portraits can be turned over one after another by doing flip by the finger.

The self-portrait of a favorite family crest and the warring lord is preserved in the camera roll, and it makes it to the idle screen.

The family crest can be freely used in a beautiful image of 512x512 pixel.
